

How to use liquid laundry detergent capsules safely

Always keep caps from kids. You never know where their curiosity might lead them. Even if you told them not to touch capsules.

For more safe use advice visit: www.keepcapsfromkids.eu

Store the pack on a high shelf or in a cupboard with a safety lock.

Always use the original packaging to store capsules.

Put the capsule directly into the washing machine and close the door immediately. Never leave a capsule within children's reach.

Close the pack properly.

Always keep capsules away from children.

Keep away from children

Close the pack properly

Do not pierce, break or cut

Use with dry hands
